

Scientific Committee

Description

Members of the STAR IDAZ IRC Scientific Committee advise the Executive Committee on research priorities and progress made from a scientific viewpoint.

The Scientific Committee is composed of approximately 16 members with a balanced expertise and representation from academia, livestock and animal health industry, and risk assessment and regulatory bodies. Scientific Committee members are appointed by the Executive Committee from a list of candidates nominated by:

- Funding bodies represented in the Executive Committee
- Industry organisations representing the livestock and animal health industries.
