Description

If you believe, like us, that networking is the key to enhance research coordination and speed up the delivery of effective tools to control animal diseases, consider joining our STAR-IDAZ network!â??

There are several ways you can get involved to help progress the sector of animal health research:

Are you interested in our activities?â??

Sign up for our newsletter, [LinkedIn](#) and [Twitter](#) pages to be updated on our activities and publications.â??

Are you a funder or a programme owner for animal health research?â??

Join one of the STAR-IDAZ Regional Networks (Europe, Africa & Middle East, Asia & Australasia), think tanks to discuss regional animal health research priorities, set up joint activities and identify opportunities for sharing resources. â??

Are you a funder or programme owner with an animal health research budget over \$ 10 Million in a 5-year period?â??

Join as an IRC partner to steer the global discussion on animal health research needs and set up joint activities.

To contact us, please email g.dicks@cabi.org with as many details as possible below and weâ??ll get back to you ASAP!
